## BATTLE OF BALLOTS IS IN PROGRESS IN ALL THE STATES OF THIS GREAT UNION.

### M'KINLEY IS SURE TO RETURN TO WHITE HOUSE.

Big Vote Being Polled All Over the Country

---Fine Weather Good for Republicans

---News From All the States.

NEW YORK, Nov. 6.—At 2 o'clock ex-Governor Stone said:

"I have no reason to change my claim made some time ago. I have no other information up to this hour than this, that we are getting out our full vote. I do not care to give figures. At this time it is useless."

At Republican National headquarters at 1:30 o'clock National Committeeman Manley said:

"Three-fourths of the Republican vote in Greater New York is cast. We get similar advices from up the State. There has not been a single unfavorable word from anywhere received here. I am confident—more so than I have ever been—that we shall have a great victory. I never before have known a national election in which some unfavorable news from the Republicans was not heard by noon on election day."

### INDIANA SAFE

FOR M'KINLEY.

INDIANAPOLIS, Nov. 6.—Senator Charles W. Fairbanks gave out the following statement to the Associated Press today:

"The campaign in Indiana has been a notable one. The contest has been sharp and no point will be left untested. The Republicans have been aggressive and each day has added to their strength. They have had the support of many gold Democrats. State issues have been subordinated almost wholly to national issues. McKinley will carry the State by a very decisive vote, and the Republicans will elect their entire State ticket, control both branches of the Legislature, and elect nine of the thirteen members of Congress."

INDIANAPOLIS, Nov. 6.—News dispatches from over the State show clear weather and a brisk atmosphere generally. The vote was unusually rapid and heavy. Managers are claiming a sweeping victory for their respective parties.

### Close in Nevada.

RENO, Nov. 6.—The day opened bright and clear in nearly the entire State. The polls opened early and the voters are going to the polls early. All indications point to a big vote. The Democrats are still confident of carrying.

## BIG RIOT ON IN INDIANA.

Fifty Men Battle and Four Hundred Shots are Fired.

BRAZIL, Ind., Nov. 6.—A riot was precipitated in a saloon at Caseyville early this morning over politics. About fifty men engaged and 400 shots were fired. Wallace Graves was instantly killed.

Over twenty bullet holes were found in his body. William Hustin and seven others, Austrians and Italians, were more or less seriously injured.

The buildings near which the riot occurred were riddled with bullets. The local officers secured a number of deputies as quickly as possible and started to arrest the leaders.

It is said a party of Republicans and Democrats gathered in the saloon and began discussing politics.

Afterwards the parties met in the street and the fight began. One of them fired at Graves with a shotgun, instantly killing him. This was a signal for a general firing. Much trouble is expected.

ing the State, but concede that the majority for Bryan and Newlands, for Congress, will be less than at last election.

The Republicans claim the State will go for McKinley by a small plurality and elect Farrington for Congressman. On the surface it looks like a very close contest.

### KENTUCKY POLLS IMMENSE VOTE.

LOUISVILLE, Ky., Nov. 6.—The weather is cool, crisp and clear, just the kind calculated to bring out an immense vote. The indications are that a majority of the ballots will be cast before noon and that the largest vote ever known in Louisville will be cast.

LEXINGTON, Ky., Nov. 6.—The weather in Central Kentucky is clear and warm. Interest is intense. A very heavy vote will be polled. There is perfect order now.

### OHIO POLLING ENORMOUS VOTE.

COLUMBUS, Ohio, Nov. 6.—Election day opened bright and clear this morning and all indications were for a tremendous poll.

CLEVELAND, Ohio, Nov. 6.—Election day in this city opened clear and cold. Voting during the early hours of the day was unusually heavy. As a result of the big registration—over 500,000—it will be necessary in some precincts that the ballots be cast at the average rate of one each minute throughout the day in order to permit all qualified persons to vote.

### Oregon Sure for M'Kinley.

PORTLAND, Or., Nov. 6.—Weather conditions in Portland are favorable for a large vote. As the election of McKinley is conceded in this State, the interest manifested is not so great as would be the case in Iowa. Still McKinley would be the case in a closer contest.

### Fight in North Carolina.

RALEIGH, N. C., Nov. 6.—The general interest in today's ballot at the polls in North Carolina centers around the

United States Senatorship, the two candidates, Julian S. Carr and E. W. Simmons, including in a particularly active campaign. The State is considered safe for Bryan and the vote promises to be heavy. The weather is clear and cool.

### HUGE VOTE IN INDIANA.

FORT WAYNE, Ind., Nov. 6.—Voting began with a rush. Interest is intense and at 6 o'clock a heavy vote had already been polled. The vote promises to be unprecedentedly large. The weather is ideal.

### Heavy Vote in Wisconsin.

MILWAUKEE, Wis., Nov. 6.—The weather is partly cloudy and warmer. A very large vote is being polled early. The ballots being cast mostly by factory hands. Considerable scratching is being done. Much interest is being taken.

### No Interest in Alabama.

MONTGOMERY, Ala., Nov. 6.—The weather is a little cloudy but cool, with probability of clearing. There is absolutely no interest and it is not believed that half of the registered vote in this county will be polled.

### One-Sided in South Carolina.

CHARLESTON, S. C., Nov. 6.—There is no question as to the result of today's balloting in South Carolina, the Republicans having no candidates for State or county offices except in Beaufort county. Weather clear and cool.

### In Pennsylvania.

PHILADELPHIA, Pa., Nov. 6.—The day began with ideal weather which gave every promise of continuing until the close of the polls.

### Big Vote in Cincinnati.

CINCINNATI, Ohio, Nov. 6.—The weather is superb, cool, clear with white frost. The interest is intense and will bring out the full vote.

### The Vote in Hartford.

HARTFORD, Conn., Nov. 6.—The day opened with bright and clear skies. By 6 o'clock a good-sized vote had been polled.

### New Hampshire's Vote.

CONCORD, N. H., Nov. 6.—The day in New Hampshire opened with perfect weather which is expected to bring the largest vote cast since 1892.

### Prospects in Rhode Island.

PROVIDENCE, R. I., Nov. 6.—Throughout Rhode Island the weather has been perfect. The Republicans expect a slightly increased plurality for McKinley over four years ago.

### FARMERS OUT IN FORCE IN OHIO.

COLUMBUS, Ohio, Nov. 6.—At noon the State Committee had, with the exception of a single message, absolutely nothing. At the Republican headquarters a telegram was received stating that Cuyahoga county would give McKinley a plurality of 6,000.

The voting continues heavy and at noon in many places it was said that over two-thirds of the registered vote had been cast. There were no reports of disturbance from any quarter.

The weather continues fair and rural sections are out in full force. At the Republican headquarters it was estimated the State will give 65,000 plurality for McKinley.

### Fraud Feared in St. Louis.

ST. LOUIS, Nov. 6.—One hundred deputy sheriffs appointed by the Judges of the Circuit Court, in general term, have been distributed among the polling places in precincts where it is believed there has been fraudulent registration, to prevent the casting of votes by the registered.

President Hayes of the Police Board, speaking of the detaining of deputy sheriffs at the polls today to serve warrants, regardless of the presence of the police within 100 feet limit at polling places, denounced the whole thing as an

### WATCH THE VOTE.

In North Dakota.

FARGO, N. D., Nov. 6.—Weather perfect and a large vote will be polled. It is likely the fullest estimated vote of 55,000 will be cast in the State.

Large Vote in Vermont.

WHITE RIVER JUNCTION, Vermont, Nov. 6.—Weather conditions were most favorable. A large vote will undoubtedly be polled.

At the Nation's Capital.

WASHINGTON, Nov. 6.—Although the people of the District of Columbia are without the right of suffrage, interest in the result of the national election is most intense. Perhaps never before have so many Government employees gone home to vote. There are but two Cabinet officers here, Secretary Hay, who resides in the District and has no vote, and Secretary Gage. Every Government employee who applied and could be spared was allowed to go home, irrespective of party affiliation. The Republican and Democratic Congressional headquarters were almost deserted, but elaborate preparations have been made to receive the returns tonight.

Big Vote in Minnesota.

MINNEAPOLIS, Nov. 6.—Light snow is falling, but the weather is clearing. Early voting is heavy, with no excitement.

ST. PAUL, Minn., Nov. 6.—There was a light snow-fall this morning and the outlook was gloomy, but the vote was much more than ordinarily heavy.

### ALAMEDA WILL GIVE M'KINLEY HANDSOME VOTE

Much Interest is Being Taken in the

Supervisory Fights---A Heavy Vote

Polled in All Precincts of County.

The battle of ballots is passing off quietly in Oakland and throughout Alameda county.

A large vote is being polled and the indications are that it will greatly exceed that of two years ago.

The weather throughout the day has been all that could have been wished for. While in sections it was somewhat cloudy and foggy in the morning, Old S. managed to break through the clouds before the noon hour and his warm beams served to give every one renewed vigor and the opposing forces at the polls put new life into their efforts toward success, and the battle went merrily on.

The day was not one that offered any excuse for the voter failing to exercise his franchise. The result is a vote far above the average.

Aide from the National and Congressional tickets the county will elect a State Senator, six members of the Assembly and three Supervisors.

The Senator, four of the Assemblymen and two of the Supervisors will represent districts of which Oakland forms the major portion. For that reason probably the greatest excitement and interest centers around the polling places throughout the city.

Reports from all sections of the city and county indicate that McKinley's majority will discount the figures of four years ago and that Alameda county will give him from 5,000 to 6,000 votes to the good.

Information from the same sources point unquestionably to a handsome vote for Hon. Victor H. Metcalf for Congress, with a considerably larger majority in the county than he received two years ago.

The Democrats have practically no general organization throughout the county and apparently are not wasting their time on a forlorn hope.

In Oakland the fight, aside from the President and Congressman, is being fought out on individual lines. Most of the local Republican candidates have their own organization and are putting up an excellent fight.

With Superior Judges John Ellsworth and F. H. Ogden the verdict will be practically unanimous. No fight whatever is being made against them. The Democrats put up a couple of candidates. They do not take their nominations seriously, but look, upon them more in the light of a joke.

Great interest is being taken in all of the Supervisory contests and the closeness of one or two of them adds an element of uncertainty that has put the candidates on their mettle.

G. Russell Lukens, Republican candidate for the Senate from the Twenty-seventh District, has had everything his own way throughout the day, but despite this he has had his workers hustling about as though he were on the verge of defeat. The indications are that he will carry his district by a vote of more than three to one.

The reports from the different wards of the city and from the districts throughout the county received up to this afternoon follow:

### FIRST WARD

The First Ward, which comprises most of the annexed district, forms a small slice of both the Forty-ninth and Fifty-first Assembly Districts and the Fourth and Fifth Supervisory Districts.

David McWade (R.) and John Gelder

(D.), candidates for the Assembly, have their friends at many of the polling places and both are doing the best they know how to capture the vote.

That section of the ward which is in the Fourth Supervisory District is extremely lively, the number of candidates adding interest to the fight.

A big vote is being polled and no disturbances have been reported. The fight for Supervisor is very lively.

ALAMEDA

Alameda has no local fight on hand, and there is not much excitement around the polling places. The voters are all related toward bringing out a large vote as possible.

Joseph H. Knowland, who is running for re-election to the Assembly, has no opposition. He is receiving the votes of Republicans and Democrats alike.

The tallies are coming in slowly, but it is evident that the city will poll a larger vote than at the last election.

### BROOKLYN

Things are very lively around the "mult-vale" polling places. The contest is centered on the Presidential candidates. The district is not very clear, but the Democrats are favored.

(Continued on Page 2)

### SECOND WARD

A large vote is being polled here. Interest centers on the fight for Supervisor. The candidates are John Mitchell (R.), Thos. Landrean (D.), C. H. Bradley (S. D.), and W. E. Polouge (Ind.). The Mitchell forces are well organized and claim their candidate will get a big majority in the ward.

The ward is also practically solid for J. A. Bliss, candidate for the Assembly from the Fifth District.

### THIRD WARD

The Third ward will as usual give a big Republican majority for the Republican ticket.

The ward is split up in many districts this year.

Old timers who have always voted in the Third now find themselves in the Fourth Ward in new precincts.

All is harmony in the Third and a very heavy vote is being cast.

### FOURTH WARD

The railroad employees form a large part of the voters of the Fourth Ward. They are voting the Republican ticket. They have given almost solid support to David McWade, candidate for the Assembly.

The opposition made strenuous efforts throughout the morning to make inroads on this vote but met with poor success. Everything is in line to the wards casting the largest vote in their history.

### FIFTH WARD

Dr. N. K. Foster, candidate for the Assembly, devoted much of his time during the day to the Fifth ward, which forms a considerable part of his district. He has things pretty much his own way but has not allowed any opportunities to slip through his fingers.

The pleasant weather has brought out the full vote of the ward. The Democrats are not showing a great deal of fight in the ward and the election is passing off there as quietly probably as any place in the city.

### SIXTH WARD

The Sixth Ward is the seat of the fight for Assemblyman from the Forty-eighth District. It is the stronghold of Joe M. Keller, the Republican candidate who has been running for the district.

W. H. White has attempted to invade the territory and a battle royal has been on all day.

Keller's friends claim that they have carried the ward by a majority that will make his opponent think he was never in the running.

On the other hand White, with equal confidence, says he will represent the district in the next Legislature. All indications, however, point to a Keller victory.

Rowe, English, Benton, Roeth, and Tiffany are candidates for Supervisor, and making a big play for the votes in a couple of precincts of the ward.

### SEVENTH WARD

It is in this section of the city where Rowe, and Roeth, English and Tiffany have lined up their forces in battle array. The bids for votes in the other wards are but skirmishes, while in this point compared with the tussle in the Seventh. All other contests have been lost sight of in face of the Roeth-Rowe struggle. They have their partisans at every polling place and no voter runs the gauntlet without a few words extolling one or the other of the opposing candidates being whispered in his ear. No acrimony is displayed but there is an air of determination and confidence about the workers.

### BERKELEY

Out in the college town the voters are taking a big interest in the fight for Township Justice. There are four candidates. Robert Edgar, the incumbent, W. H. H. Henry, Richard Lloyd and G. H. Leach. Henry is practically out of the fight, although his name appears on the ballot. He is working in Edgar's interest. All of the aspirants are bent on every effort to win and the struggle is to a close finish.

Rowe and Roeth are also having

a reputation for the grinding of lenses in most complicated cases, that is widespread indeed.

warm contest in Berkeley, with the indications in favor of Rowe.

The vote will be unusually large.

### ALAMEDA

Alameda has no local fight on hand, and there is not much excitement around the polling places. The voters are all related toward bringing out a large vote as possible.

Joseph H. Knowland, who is running for re-election to the Assembly, has no opposition. He is receiving the votes of Republicans and Democrats alike.

## PARIS SENATE

## IS IN SESSION.

There Was a Lively Scene at the Formal Opening.

PARIS, Nov. 6.—The Senate reopened its session this afternoon with M. Lathiere presiding. After a very brief and uninteresting session adjournment until Thursday was taken.

In the Chamber of Deputies there was a lively scene previous to the formal opening. On all sides were groups of deputies discussing the probable program of the government concerning many interpellations. The President of the Chamber, M. Deschanel, presided. The galleries were crowded.

After the preliminary business M. Waldeck-Rousseau explained that the government would not delay action on the various interpellations, but he warned the Chamber that if the deputies did not select important interpellations, dismissing others, the entire session would be occupied with interpellations, to the detriment of necessary legislation.

The Chamber then voted to proceed with the interpellation of M. Vaillie, Radical Socialist, on the general policy of the government.

## STOCK BROKERS

## WILL KEEP OPEN

CHICAGO, Nov. 6.—Chicago stock brokers will follow the example of New York speculators and keep their doors open all night, ready to take advantage of the result of the election by making deals at the opening of the London stock exchange at 4 a. m. Chicago time.

"The chance for a coup may not materialize," remarked a broker today, "for the Englishmen may take as close pains to secure early information as the Americans."

PARKERSBURG, W. Va., Nov. 6.—The weather is perfect. Voters were out early and the interest is great. A heavy vote is expected.

CHARLESTON, W. Va., Nov. 6.—The day opened clear with the thermometer at 60. But few people were in the streets early but a large vote is promised.

## The Issue in Florida.

JACKSONVILLE, Fla., Nov. 6.—The weather is clear and cool. Interest in national issues is practically secondary to the question of capital removal.

## Early Vote in Iowa.

DES MOINES, Iowa, Nov. 6.—The day opened with threatening weather, while the air was snappy. The laboring vote was polled early. Every indication points to a full vote if the weather does not become inclement.

## Huge Vote in Iowa.

DES MOINES, Iowa, Nov. 6.—Ideal weather in Iowa is causing a large vote and the three hundred thousand mark will probably be reached for the first time.

## Omaha Vote.

OMAHA, Neb., Nov. 6.—At noon the voting was proceeding rapidly, the number of votes registered at that hour breaking the record. The reports from the State show similar conditions.

In one ward in Omaha where it was claimed voters had been colonized the balloting is extremely light and it is asserted that precautions taken have excluded fully 250 illegal votes. Most of the voting had been accomplished at 2 o'clock.

## Down in Dallas.

DALLAS, Tex., Nov. 6.—Perfect weather throughout. Probably three-fourths of the vote of the State will be polled. The Franchise amendment to the State Constitution will have a majority.

## Storm at Madison.

MADISON, Wis., Nov. 6.—A heavy snow storm started here about 9 o'clock and apparently will continue all day. Indications point to a good vote.

## Vote in Cincinnati.

CINCINNATI, Nov. 6.—Reports indicate that fully one-half of the registered vote had been cast at 10 o'clock.

## Chicago's Heavy Vote.

CHICAGO, Nov. 6.—At 1:30 p. m. the few advisers received from interior points of the State and returns from Chicago and Cook county went to confirm the early indications that probably the heaviest vote in the history of the State was being polled.

## BOSTON VOTE IS VERY HEAVY

BOSTON, Nov. 6.—The first vote in the State to be heard from today was from Boston. The polls there closed at 1 o'clock, and at 1:30 the results were announced as follows:

For Bryan and Stevenson, 150  
For McKinley and Roosevelt, 174.  
For Governor—Crane, Republican, 175; Payne, Democrat, 126.

The vote in this town four years ago was: Bryan 119, McKinley 237.

BOSTON, Nov. 6.—The vote in the town of Acushnet follows:

Bryan, 16; McKinley, 117.  
The vote for 1896: Bryan, 16; McKinley, 137.

For Governor—Crane, Republican, 109; Payne, Democrat, 6.

## Heavy Vote in Nebraska.

OMAHA, Nov. 6.—The weather throughout Nebraska today could not be improved upon, being far above the average of November temperatures.

With the skies clear throughout the State, in Omaha the polls were open at 8 o'clock and the early voting was unusually heavy.

## Light Vote in Georgia.

ATLANTA, Ga., Nov. 6.—The weather promised to be generally fair throughout the State. There is little interest apparent and a light vote is expected.

## Full Vote for Kansas.

TOPEKA, Kan., Nov. 6.—Election day dawned clear and pleasant throughout the State.

WICHITA, Kan., Nov. 6.—Weather is perfect and early indications favor a full vote. Roads in the country are somewhat heavy from recent rains. Both sides appear confident.

## Connecticut's Ballot.

NEW HAVEN, Conn., Nov. 6.—Election morning in Connecticut opened with the clearest of skies, a moderate temperature and weather conditions generally favorable to the calling out and the polling of a large vote.

## Light Vote in Virginia.

RICHMOND, Va., Nov. 6.—The weather is clear and cool. In the State at large, which will aggregate some 20,000 plurality for Bryan, and in the other seven Congressional districts

which are regarded as safely Democratic, neither Republicans nor Democrats are likely to poll anything like a full vote.

## Missouri's Poll Heavy.

ST. LOUIS, Nov. 6.—Clear and cold weather is bringing out a large vote throughout the State, especially in this city, where the registration is the heaviest on record. It is believed that very nearly the full vote will be polled, as much interest is being shown in the result of the ballot for National, State and Congressional tickets.

## Situation in Utah.

SALT LAKE, Utah, Nov. 6.—Clear weather prevails throughout the State. The leaders of both parties today express the utmost confidence in the result.

## Maryland's Vote.

BALTIMORE, Md., Nov. 6.—No more perfect day has ever dawned in Maryland than that upon which the campaign in this State is to be decided by the voters. The beautiful weather throughout the State makes it probable that the heaviest vote ever cast will be polled. A conservative estimate, based on registration, indicates that 250,000 votes will be cast in the State.

## Slow Vote in Louisiana.

NEW ORLEANS, Nov. 6.—Election day opened in Louisiana with indications of showers in the western portion of the State and in New Orleans. The voting was slow and there was apparently only half-hearted interest in the result, due to the belief among Democrats that Bryan and Stevenson and the Congressional ticket will make a clean sweep of the State.

SPOKANE, Wn., Nov. 6.—The weather is cloudy but will probably clear. Interest in the election is keen. The vote in this city is expected to be 50 per cent larger than ever before. Both sides claim Spokane county by 1,000 to 2,000, but betting strongly favors the Republicans. Odds varying from 2 to 1, up to 10 to 1 are given that McKinley carries the State.

STRAIGHT VOTE IN TOLEDO.

FINE WEATHER IN BOSTON.

BOSTON, Nov. 6.—Weather conditions on election day were never more perfect than they were this morning.

## MCKINLEY CASTS AN EARLY VOTE

Cheered By Workmen on His Way to the Polls.

A Straight Republican Ticket Is His Ballot.

Canton, Ohio, Nov. 6.—President McKinley cast his ballot at 9:20 this morning. Shortly before that time he came from the McKinley residence, accompanied by Judge Day, Dr. Hixey, Postmaster George B. Fenease and Charles R. Miller of Canton and Secretary Cortelyou. A number of people had gathered in front of the house and the President shook hands with many and exchanged pleasant greetings.

Down Market street he and Judge Day walked at the head of the party, and the President was kept busy raising his hat to the many greetings along the way. The windows of one of the factories were crowded with workmen, who gave him a cheer as he passed.

At the voting place quite a crowd had collected to see the President cast his vote. He shook hands with some of the officials and then stood while the questions required by law were asked. His registry number was 32 and his was the ninety-seventh ballot cast in a total voting strength of 333.

The President remained at the booth fully a minute, scanning the ticket before casting it into the ballot box.

The President marked his ballot so as to vote the entire Republican column.

Judge Day then voted and the party started back to the house, receiving friendly demonstrations along the way. The President received dispatches early this morning saying a large vote had been cast and expressing strong confidence in the result.

\*\*\*\*\*

to today and the two central committees predict a big vote throughout the territory. The largest vote in the history of this city will be cast today. Both parties are working hard to bring out the registered vote.

## Quiet in Louisville

LOUISVILLE, Ky., Nov. 6.—The quietest election in years was the result up to noon in Louisville, city and district. Perfect order prevails and few complaints of irregularities are made by either party.

## Slow Vote in Oregon.

PORTLAND, Ore., Nov. 6.—Voting in Portland and throughout Oregon, so far as heard from, is proceeding slowly and quietly.

## New Jersey Republicans.

NEWARK, N. J., Nov. 6.—Fine weather and an early and heavy vote are the features in New Jersey. The Democrats claim that Bryan is making inroads upon McKinley's plurality of 185. Chairman Murphy of the Republican State Committee said his committee had information that McKinley would carry the State by from 2,000 to 3,000 and that the Republicans would elect six Congressmen and have a safe working majority in the Legislature.

## Murder Ends Election Row.

JONESHORO, Ill., Nov. 6.—As the result of a quarrel over politics John Kleib, Democrat, was shot and killed by Jack Thorn, Republican, at Lick Creek. Both were young men of prominent families.

## Interest in Colorado.

DENVER, Colo., Nov. 6.—Dispatches from Colorado Springs, Pueblo, Leadville, Cripple Creek and other principal points in Colorado show that an unusually heavy vote may be expected.

No disturbance is reported anywhere outside of Denver. The Republican State ticket is receiving more votes than McKinley and Roosevelt.

## In Portland.

PORTLAND, Me., Nov. 6.—In this city a fairly large vote was polled early this morning and the election proceeded quietly throughout the State.

## Ohioans Throng the Polls.

COLUMBIA, Ohio, Nov. 6.—Reports from over the State at 10 o'clock indicate that the vote is coming out in a most remarkable manner. Everywhere the utmost interest is manifested and a large part of the ballots were cast during the early hours of the morning.

## VOTED AND TOOK POISON.

CHICAGO, Nov. 6.—One of the incidents of the day was the suicide of Fred Janneke. Upon leaving for the polls he remarked that he was about to cast his first ballot. This he did, then purchased a bottle of carbolic acid, and upon his return home committed suicide by drinking the contents of the bottle.

## BRYAN IS IN GOOD SPIRITS

Swears in His Ballot and Casts Straight Vote.

Discusses Philippines While Returning From Omaha.

LINCOLN, Neb., Nov. 6.—Mr. Bryan returned to Lincoln at 10:30 today after spending the night in Omaha. His first act after arriving here was to swear in his vote and cast it. He voted the straight Democratic ticket, National, State and Congressional.

The trip from Omaha was without special incident. The candidate occupied a seat in an ordinary day coach, which was crowded. He appeared in excellent spirits and engaged freely in conversation with people about him.

Much of the time of the journey was given up to discussion with a Republican citizen of the State on the Philippine question.

The best order prevails and while a large vote is promised the indications are that the election will pass off very quietly.

Mr. Bryan cast his vote at 11:10 o'clock. The ceremony was witnessed by a half hundred residents congregated near the booth and a dozen or more newspaper men followed.

Before going to the voting place, Mr. Bryan repaired to the City Hall, where he filed out certificates stating that he had failed to register because of absence from the city. The clerk at the City Hall who supplied him with a certificate also dispensed to all who would receive them yellow badges bearing the inscription, "I am a Republican," and he seemed quite as much occupied with one duty as the other. There was quite a procession from the City Hall to the voting place, consisting of citizens and newspaper men in carriages, and a number of Mr. Bryan's neighbors on foot, who escorted him to the voting place.

At the voting place a general hand-shaking took place. Two freeholders of his ward, one a Republican and the other a Democrat, volunteered to stand for him, and they, as well as Mr. Bryan, were sworn to the facts in the case. The Presidential candidate was granted no exemption by the judge of election, the Rev. Mr. Luddin, a Lutheran minister of Republican proclivities.

Mr. Bryan was required to give his place of residence, the State where he was born and also inform the officials as to how long he had lived in the precinct, the ward and the State. Having obtained this information, Mr. Luddin asked Mr. Bryan, in accordance with the law of the State, whether he wished to state the name of the party with which he affiliates. To this Mr. Bryan promptly responded, "The Democratic party," and with a smile he added, "with friendly feelings towards two others."

Mr. Bryan's ballot was numbered 153. As he was voting several cameras were turned upon him and the election judge requested all present to remove their hats. As Mr. Bryan left the booth he was asked if he had cast a straight ballot, to which he replied:

"Yes, the electoral candidates are all friends of mine."

Mr. Bryan was escorted to his home and there made a brief address to the friends assembled. Standing on the front porch he said:

**H-O**

"TRAVEL BROADENS THE MIND."

It purchases an outfit and takes ship for Southampton.

Tries everything unusual on the menu, having heard that each land has some specialty.

In London he partakes of a fish dinner, and bets on the height of the cheese.

Drinks a liter of beer in a German Rathskeller but finds the oysters somewhat queer.

Is invited, while in St. Petersburg to a breakfast of "Bismarck" and caviare and discovers the former to be buckwheat cakes for which Russia is celebrated.

Arranges with his friend to make a generous commitment of this particular buckwheat to his address in New York and writes his wife to arrange a buckwheat cake breakfast for a few intimate friends on the occasion of his return home.

The guests are particularly pleased with the buckwheat cakes and especially with the circumstances connected therewith, as he sends for a package of the buckwheat to show them.

And one and all are surprised to find that it is made by the H-O Company whose cereals are famous all over the world.

Thus travel broadens the mind.

## BARNES SPEAKS FOR KNOWLAND.

General Barnes closed the Republican campaign in Alameda last night. Regarding Assemblyman Knowland he said:

"I got to know Mr. Knowland well during that memorable three months of torture we enjoyed together during the contest at Sacramento for United States Senator. My young friend Knowland has said that under the same circumstances he would support me for the same position again, but I want to say, ladies and gentlemen, he will never again get the opportunity I believe that in that fight I had the support of every untrammeled and uncontrolled representative in Sacramento. Mr. Knowland was one of my most loyal friends, and he made a name for ability and honesty that has never been surpassed by any man who has ever represented the people at Sacramento."

"I have been asked about my opinion on the outcome of the national election. I have some faith in these men. I read in the papers where those who wager are betting 5 to 1 on the general result and 10 to 1 on the outcome in New York. Tomorrow I think the odds will be about 16 to 1 on McKinley and Roosevelt."

Short talks were made by Joseph R. Knowland, Judge John Ellsworth and Dr. C. L. Tidale.

**WANT A PICTURE FOR THE LIBRARY.**  
The committee having in charge the subscription for the purchase of a Yellow painting for the Oakland Free Public Library, Mrs. Emma Shafter Howard, G. Chapin Judson and Librarian Greene, have gone over the available pictures with great care, not only those now on exhibit at the Library, but those at the Yelland studio. As a result they feel that the best of the pictures is the one that Oakland should honor itself by possessing as a memorial of Mr. Yelland.

The best is the highest-priced one, naturally, since the prices were placed by a committee of artists. The one chosen is "Where Sluggish Tides Creep In," the large canvas on an easel standing by Associate Librarian Bamford's desk in the reference room at the Library. The subject is particularly Californian and local, and its handling is in Mr. Yelland's very best style. The cost is \$250, and of this amount but \$100 has been raised. The canvases have been slow of late, as people have been too much interested in politics to think of other things. As soon as the election is over an effort will be made to raise the money for the picture and for a suitable frame.

Let every friend of art, of Oakland and of the Library be represented in this subscription, for as a beginning and a precedent it is of more importance than appears on the surface.

Subscriptions have ranged from twenty to fifty cents. They should be sent to Librarian Greene at the Library.

## GAVE HIS WIFE A FATAL LESSON.

Chicago Man Kills His Wife in Showing Her How to Use a Revolver.

Associated Press Dispatches by The Tribune's Special Leased Wire.

CHICAGO, Nov. 6.—By the accidental discharge of a revolver last night Clarence Buckley Beardsley, a man of wealth and well known in the city's business circles, shot and killed his wife, Maudie Beardsley Beardsley. The accident occurred in the family apartment of the McIntosh on Superior street. The victim, receiving the shot, fell to the floor with a scream and was dragged up by her husband to die in his arms.

In handling the revolver from which the bullet made the fatal wound Mr. Beardsley was endeavoring to instruct her how to fire it.

Mr. Beardsley was on a business trip which he was on the point of making to the Pacific slope. He had removed the cartridge from the revolver and was holding the weapon, and replaced the bullet and had laid the weapon on a table.

In some way it was pushed off and in spite of the fact that it was of the hammerless pattern, it exploded. Mrs. Beardsley fell to the floor with a cry.

It was found later that a bullet had lodged just above the heart and within ten minutes the woman was dead.

Mr. Beardsley had bought the revolver during the afternoon. He was to have made his duties temporarily as manager of the liability department of the Travelers' Insurance Company and hurry to Oregon to superintend the extensions at a gold mine in which he was interested. Mrs. Beardsley had arranged to go to the residence of her father, Hugh D. Beardsley, in Elgin, where she was to remain there during her husband's absence.

The recent reign of house-breaking among the north side suburbs had frightened the wife and she had insisted that a revolver be kept in readiness to meet any possible intruder at the Elginware home.

The shooting occurred shortly after 9 o'clock. Husband and wife were seated in the parlor in the evening. He had been reading a book in regard to a pistol.

Then he took out the weapon and started to show her the lesson in its use which ended in the tragedy.

Clarence Buckley Beardsley is a member of the Union League Club, the Washington Park Club and the Chicago Athletic Association.

**YOUNG BOYS ACT AS HIGHWAYMEN.**  
Milton Dean and Ulric Petersen, two 12-year-old boys, were stood up and robbed last evening by three boys no older than themselves.

The robbers did their turn in true dime novel style, but only secured two pocket knives and a few cents. The robbery took place on Sixth avenue and East Sixteenth street.

As the boys approached the avenue they were seized by the three. In waiting and their pockets systematically searched. Ulric Petersen is a son of Police Captain Petersen and the Dean boy is a son of M. J. Dean, a neighbor. The robbers were strangers to their victims.

**His Life Was Saved.**  
Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful escape from a fatal illness. He said of it: "I was taken with Typhoid fever, that ran into pneumonia. My lungs became hard and I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption. One bottle of Dr. King's New Discovery. One bottle gave me relief. I continued to use it, and am now well and strong. I can't give too much in its praise. It has saved my life. It is the surest and quickest cure in the world for all throat and lung trouble. ## Truth told by a Scientist

THE up-to-date housekeeper now falls in line with all the great teachers of the art of cooking in using and commending gas stoves.

A scientist has said "If I wish a roast or steak I do not ask the butcher to send me an ox. Horns, hoofs, hide and all other non-edible portions have no place in the kitchen. Nor do I consider it sensible to send home a ton of coal if I wish a fire to cook my dinner. I am glad to have the non-combustible portions of the fuel eliminated, and gas, which has nearly perfect combustion, piped to my kitchen for the gas stove to burn."

No coal to bring in, no ashes to carry out, no dust, no soot, no litter of any kind, no greater expense than for coal, a comfortable kitchen in summer, a fire always right and ready at the scratch of the match. This is what a Gas Stove means.

will be elected today. The strong early vote that is being cast all over the country is indicative of our success. Early in the campaign we had complete confidence in the McKinley administration would permit the Bryan promises to make gains for the Democrats. In this, I am satisfied, was a misapprehension.

The only thing received was from Louisville reporting the theft of ballot boxes in Montgomery county and the changing of election officers in many counties by the State Election Commissioners.

# BLOODY ELECTION FIGHT IN DENVER.

Police and Deputies Battle,  
One Man Is Killed and  
Five Wounded.

DENVER, Col., Nov. 6.—John G. Brannford, colored, special deputy sheriff, dead.

Charles P. Carpenter, policeman, shot in the leg and arm, dangerously hurt.

Hampson Jackson, colored, special deputy sheriff, skull fractured and arm broken, may die.

Charles Green, special policeman, shot in the back, seriously hurt.

Stewart Harvey, colored, deputy sheriff, shot in the shoulder.

Richard Hardman, colored, deputy sheriff, shot in the left arm.

DENVER, Col., Nov. 6.—Before a battle was cast in Denver today the trouble between the police department and the sheriff's office, which had been predicted, had begun, and on a main street and five seriously wounded were the result.

Fifteen hundred special policemen had been sworn in for the day and about 1,000 special deputies.

At 7 o'clock special policemen Charles F. Carpenter and Charles Green were sent to Twenty-second and Larimer streets to supervise the opening of the polls in District 11, precinct 4. Several special deputies were present. Orders had been issued by the Fire and Police Board to refuse to recognize the authority of the deputies and arrest anyone who in any way interfered with the police.

Under these instructions Officer Carpenter ordered the deputies to retire to 100 feet from the polls.

Hampson Jackson, colored, resisted, and drawing a revolver began shooting.

One bullet struck Carpenter's arm and a second his foot. Policeman Green came to the rescue of his companion striking Jackson on the head and arm.

fracturing his skull and striking him again. The blow broke the heavy oak club the officer carried.

Shooting by the deputies became general, while the special police, who were armed only with clubs, were at a disadvantage.

At this moment City Detective Ed Carbery ran up and opened fire with his revolver, killing Deputy Sheriff John G. Brannford.

A score of shots were fired by the deputies and Detective Carbery and Deputies Stewart Harvey and Richard Hardman, both colored, were shot, the former in the right shoulder and the latter in the left arm.

It is not known who will be wounded. Special Policeman Green was shot in the back. None of these are fatally wounded.

Brannford, the man killed, is said by the police to have a very unsavory record, having served a term in the penitentiary. He is said to have killed a man some time ago. The feeling created by the affair of today is intense.

Yesterday Judge Hallett, of the United States District Court, issued an order forbidding the United States Marshal to appoint any deputy marshals to serve at the polls, but the change is made by the Police Department that a large number of deputy sheriffs were sworn in and armed at his office. Said Police Commissioner Robert W. Speer today.

"Four hundred negroes many of them with long records for desperate deeds were sworn in as deputy sheriffs in the office of United States Marshal Bailey in the Federal building and given badges and pistols. The special officers appointed by our board were unarmed except with clubs and ordered not to use violence except in extreme cases."

The trouble is the outgrowth of a bitter campaign in Denver and the State which involves not only the National and State tickets but the election of a United States Senator to succeed Senator Wolcott.

The Police Department is controlled by the Democrats and Sheriff Robert Jones who was elected as a Democrat, but who is said now to favor the Republicans, at the request of the Honorable Election League (composed, it is charged, exclusively of Republicans) which has issued a very large number of deputy sheriff commissions to men named by the league.

Yesterday the Board of County Commissioners in disregard of an order of Judge Butler of the District Court, revoked the commissions given by Sheriff Jones and though the count promptly took action against the Commissioners for contempt, the Fire and Police Board, acting on the advice of leading attorneys decided to disregard the authority of the deputies.

Governor Thomas has ordered Troop C Colorado Cavalry to be in readiness to be called out and they are now at the Arsenal.

Governor Thomas orders that he has ordered out his troops. When asked by whom orders Troop C had assembled at the Arsenal he replied "I know nothing of it." It would say nothing more on the subject.

used to pay \$1,000 if this sum would be satisfactory to the United States but Secretary Hay decided that it was not sufficient and ordered his department for the satisfaction of the claim. The latest demand was taken under consideration by the Honorable Government.

A few days ago the Department was informed by Honduras that the Pears brothers were not in sympathy with its efforts to obtain the indemnity and that they had entered into negotiations with a firm for a timber concession which she had finally refused to grant.

This action of the Pears brothers is decidedly embarrassing to the State Department. The Department is not pressing the claim for indemnity entirely for the benefit of the Pears brothers. It is deemed advisable in the interest of future protection of American life and property in Honduras that that government should be taught not to permit the claims of Americans and the claims of their murderers. It is likely, therefore, that another demand will be made for a settlement of the claim.

Pear Brothers Discounting the Honduras Indemnity for Murder.

NEW YORK, Nov. 6.—Honduras says a Washington dispatch to the Herald has played a sharp trick on the Pears brothers in whose behalf the United States has been endeavoring to collect an indemnity of \$100,000 for the murder of their brother, Frank Pears in February, 1899.

Several months ago Honduras promised to pay \$1,000 if this sum would be satisfactory to the United States but Secretary Hay decided that it was not sufficient and ordered his department for the satisfaction of the claim. The latest demand was taken under consideration by the Honorable Government.

A few days ago the Department was informed by Honduras that the Pears brothers were not in sympathy with its efforts to obtain the indemnity and that they had entered into negotiations with a firm for a timber concession which she had finally refused to grant.

**RUSSIA'S REPLY  
IS MADE PUBLIC.**

Favors Anglo-German Agreement on Two Points.

Associated Press Dispatches by The Tribune's Special Leased Wire ST. PETERSBURG, Nov. 6.—The text of the Russian reply to the Anglo-German agreement note is published.

The first point, providing for open ports on the rivers of the Chinese interior is favorably received, as it does not alter existing treaties.

The second point is all the more in harmony with Russia's intentions as the integrity of the Celestial Empire is the fundamental principle of Russian policy.

As regards the possibility of a violation of this principle in the third article, Russia refers to her note of May 25th and repeats her declaration that such violation would compel Russia to modify, as circumstances might require, the attitude she has taken.

# FEARS NO RIOTS IN NEW YORK.

Roosevelt Ready for  
Any Emergency,  
However.

Will Receive Returns  
at His Home in  
Oyster Bay.

Associated Press Dispatches by The Tribune's Special Leased Wire NEW YORK, Nov. 6.—Election day in Greater New York dawned into an ideal autumn morning. The skies were radiantly clear and the air invigorating.

A phenomenally heavy vote is assured. Chief Devery arrived at police headquarters at 5:45 o'clock. He went at once to his office and had all the stations called up by telephone. Promptly at 6 o'clock the Chief summoned the newspapermen to his office.

"The polls are open and the election is on," he said. "The opening of the polls has been effected without disorder. There will be no trouble during the day if this department can help it. I will be here all day with my carriage handy. There will be reserves handy to dispatch to the scene of an outbreak."

"I have nothing to say about McCullagh and his indictment. Sheriff Grell was here early this morning because of communication with some authority. Was it Governor Roosevelt? I don't care to say. Let the Sheriff tell you what he likes about it. I will say that his visit has not interfered with the police plans already formulated."

The indictment of Chief of Police Devery on the charge of interfering with State Superintendent of Elections McCullagh, the notice of Governor Roosevelt on Mayor Van Wyck telling him he would be held responsible for any violence at the polls and the recall by Chief Devery of the objectionable orders to his subordinates appear to be matters about as they were before Sunday last, when Chief Devery notified the police officials that the McCullagh deputies must not interfere with men who were willing to swear in their votes. The McCullagh claim is that the deputies should prevent the casting of any and all votes which in their judgment are illegal. The courts after the election will undoubtedly be called upon to settle the differences of opinion growing out of the dispute, but in the meantime the Mayor and Chief of Police have given assurances that the police will render the deputies every assistance in their power and that every effort will be made to keep peace at the polls. If trouble occurs today it will undoubtedly grow out of the serving of warrants on persons alleged to be entitled to vote. Superintendent McCullagh alleges that extensive colonization has been planned in the lower sections of the city.

The vote was cast very rapidly in this city. In the Fifth Assembly District one-third of the total vote had been cast by 5 o'clock. In Brooklyn also the early vote was very heavy. No disorder was reported in the morning hours and in general the voting was carried on quietly.

"I anticipate no trouble whatever," said State Superintendent of Elections John McCullagh. "I feel confident that it will be an orderly and quiet election. I have about 800 deputies stationed about the different polling places and a number of emergency men in the office. I am certain that with these I shall be able to quell any possible disturbance that may arise, but I expect nothing of the kind."

Richard Croker surprised the election inspectors in his district by walking in to the polling place five minutes after the polls had opened. His son Frank accompanied him and voted.

The leaders had not changed their estimates in any important particular over night, save that in Kings county some of them on both sides are making claims of at least 25,000 plurality instead of 10,000, for both McKinley and Bryan. It is probable that the early estimate will prove more nearly correct than these later figures, and that the majority in the borough of Brooklyn will not be pronounced in either side.

"NEW YORK, Nov. 6.—Governor Roosevelt voted at his home in Oyster Bay about 10:30 o'clock.

He said he did not anticipate any serious trouble in New York.

He would be prepared, he said, to go to the city today if it should be necessary. Otherwise he would remain at his home, where he would receive the returns tonight.

# CHILE WILL ARBITRATE.

Associated Press Dispatches by The Tribune's Special Leased Wire NEW YORK, Nov. 6.—A dispatch to the Herald from Valparaiso says:

Significant announcement is made in view of the reported agreement of five South American republics to apply arbitration in settlement of their disputes. The government will sell one-third class cruiser to Ecuador and one to Peru and two torpedo boat destroyers to Japan.

The fact that one of the warships will be sold to Peru, which is one of Chile's opponents in the Tacna-Arica dispute, gives additional weight to the declaration that a settlement of the controversy will be effected soon.

**ARE VERY FEW**

The Cases That Pyramid Pile Cure Will Not Reach.

The cases that Pyramid Pile cure do not reach are so few that physicians are doing away with operations for piles and depend more and more upon this simple, safe and effective remedy to accomplish a complete cure and it never disappoints in any form of piles, whether protruding, itching or bleeding.

Mr. Thomas E. Wood of 818 17th street, Sacramento, Cal., writes: "It affords me much pleasure to state that after using only one 50-cent box of Pyramid Pile Cure I was cured of the painful and annoying disease, after having suffered from piles for thirty years and tried everything and could only get temporary relief. I was advised by two of the best physicians in California to have an operation and I did and suffered almost death but the piles returned and my suffering at times was so great I was not able to walk until I saw an advertisement of the Pyramid Pile Cure. I got it at once and was relieved from the first application. I am so grateful that I feel like recommending it to any and every one afflicted with piles."

The prompt relief and rapid cure which follow the use of this remedy gave the impression that possibly it might contain opium, cocaine or some similar drug, but a careful and frequent analysis of the remedy has proven it to contain no injurious drugs whatever, but it cures by astringent properties and healing oils.

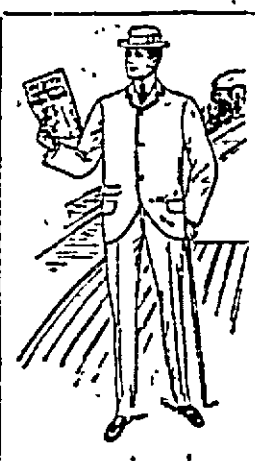

The Pyramid Pile Cure is sold by druggists everywhere at 50 cents for full sized package.

Each package contains a little book on cause and cure of piles, together with testimonials from thousands of cured patients from every part of the United States and Canada.

The cases that Pyramid Pile cure do not reach are so few that physicians are doing away with operations for piles and depend more and more upon this simple, safe and effective remedy to accomplish a complete cure and it never disappoints in any form of piles, whether protruding, itching or bleeding.

Mr. Thomas E. Wood of 818 17th street, Sacramento, Cal., writes: "It affords me much pleasure to state that after using only one 50-cent box of Pyramid Pile Cure I was cured of the painful and annoying disease, after having suffered from piles for thirty years and tried everything and could only get temporary relief. I was advised by two of the best physicians in California to have an operation and I did and suffered almost death but the piles returned and my suffering at times was so great I was not able to walk until I saw an advertisement of the Pyramid Pile Cure. I got it at once and was relieved from the first application. I am so grateful that I feel like recommending it to any and every one afflicted with piles."

The prompt relief and rapid cure which follow the use of this remedy gave the impression that possibly it might contain opium, cocaine or some similar drug, but a careful and frequent analysis of the remedy has proven it to contain no injurious drugs whatever, but it cures by astringent properties and healing oils.

The Pyramid Pile Cure is sold by druggists everywhere at 50 cents for full sized package.

Each package contains a little book on cause and cure of piles, together with testimonials from thousands of cured patients from every part of the United States and Canada.
